Teach your child how to take a phone message.
4 Play Alphabet Mix-up. Choose a word and put the letters in alphabetical order. Can your child figure out the word?	5 Review math facts with your child today.	6 Talk about a familiar place and decide which direction it is from your home—north, south, east or west.	7 Read a poem aloud. Stop to let your child guess what the next rhyming word will be.	8 Encourage your child to read the newspaper and report on a news story at dinner tonight.	9 For five minutes, you and your child should each write a story. Then switch papers and finish each other's stories.	10 Visit the library. Check out a book about a famous woman.
11 Does your child go online? Monitor which sites she visits. Talk about online safety.	12 Teach your child to take his pulse. Then have him jump up and down 50 times and take it again.	13 Talk about the importance of fruits and vegetables for healthy bodies. Let your child help you prepare some.	14 Set an example for your child. Let her see you reading. 25 Go ice skating in the kitchen with your child. Put on socks and slide around—like you are on ice. Be careful!	26 Have your child draw a picture for the author of a book. Send it to the author in care of the book's publisher.	27 With your child, decide on a location anywhere in the world. Take turns telling one thing you would like to see there.	28 Encourage your child to take risks as long as they don't affect her safety. For example, have her try a new food.	29 Learn a tongue twister. At dinner, challenge everyone to repeat it three times fast.	30 Help your child start a collection. Provide a place to keep it—a box, a shelf, a drawer.	31 Look at your child's weather chart. Did March come in like a lion and go out like a lamb?
